The Government of India accords the highest priority to the welfare of Indian nationals working and living abroad. It has introduced eMigrate system since February 2015 to facilitate transparent recruitment, for employment abroad, of Indian nationals, including female domestic workers for employment abroad.

Employers of female domestic workers and Recruitment Agencies, have been pointing out that the financial guarantee of Omani Rial 1100, a deposit to be made with Banks, has been a key factor in discouraging recruitment of Indian female domestic workers through eMigrate system. The Government of India has, after consultation with various stakeholders, decided that for Employers recruiting female domestic workers from India through any of these 7 State Government Agencies, the requirement of Bank Guarantee of OMR 1100/- stands waived with immediate effect.

The recruitment of Indian female domestic workers from any other Recruitment Agency in India will continue to require a bank guarantee of OMR 1100/- and a NOC from the Embassy.

All Omani Recruitment Agencies are hereby advised that the recruitment of Indian female domestic workers must be carried out through eMigrate system (www.emigrate.gov.in). Any recruitment of female domestic workers, if not carried out through eMigrate system, is a violation of Indian rules and laws.

The contact details of the 7 State Government Agencies in India authorized for recruitment of female domestic workers (Housemaids) for employment abroad through eMigrate system with waiver of financial bank guarantee of OMR 1100 are given below:
